## **-FOREWORD—**

This publication has been prepared for those who administer the interschool athletic programs for middle level schools. On January 21, 1975, the IHSAA authorized the appointment of a committee to study and prepare guidelines for athletics in middle level schools. Many member schools had asked for guidance in the direction of a program adapted to the abilities of students at this level of competition. An understanding of the physiological and emotional development of early adolescents, the need for providing safety precautions, and the importance of protecting the best interests of students, prompted this request. The lack of specific limitations in number of contests, age of participants, etc., often resulted in abuses, inequities, inconsistencies and unfair competition. This Committee met frequently; conducted its study and received cooperation of a high percentage of school administrators. The following guidelines represent the judgment of the middle level representatives attending the 2003 State Athletic Administrator's Association Conference in Indianapolis, and the Study Committee comprised of middle level representatives from each of the state's six districts.

### District Representatives:

District 1 - Ed Musselman, Wilbur Wright Middle School

District 2 - Gerry Brown, Urey Middle School

District 3 – Scott Timmons, Fishers Junior High

District 4 - Greg Ehrman, Sunman-Dearborn Middle School

District 5 - Mike Deaton, Austin Middle School

District 6 - J.C. Davis, South Spencer Middle School

## **MIDDLE LEVEL SCHOOL GUIDELINES**

### **PREAMBLE**

The Indiana High School Athletic Association and the Indiana Interscholastic Athletic Administrators Association do not govern middle level schools, but recommend that they follow these rules within the guidelines set by the individual school district, principals' association, district athletic association, or school's athletic conference. Middle schools shall comply with Title IX

### **PURPOSE**

The purpose of these guidelines shall be to encourage, unify and give direction to wholesome amateur interschool athletic competition between middle level grade students. All such interschool athletic competition coming under the suggested guidelines shall be subservient to and complementary to the academic or curricular functions of the schools, which are their primary purposes. To assure that the program of interschool athletic competition remains steadfast to the principles of wholesome amateur athletics and subservient to its primary academic or curricular functions of education of the middle level school, schools should cooperate with agencies vitally concerned with the health and educational welfare of school students; furnish protection against exploitation of schools or their students; determine guidelines for qualifications of individual contestants, coaches and officials; and provide written communications to establish guideline standards for eligibility, competition and sportsmanship.

Such deliberate action should make the student ineligible in all sports for the remainder of that semester and all of his/her next semester in school.

### **Section 3**

Participation of students in an organized athletic contest with or against players not belonging to their school constitutes a game. An organized "scrimmage" or practice by students with or against teams or players not belonging to their school is considered a game.

Each school should establish their own scholastic requirements for students participating in their interschool athletic contest.

### **RULE 14 – UNDUE INFLUENCE**

#### **Section 2**

No student should be eligible to participate in any interschool contest under the rules, if it should be shown that he/she or any member of their family is receiving any remuneration, either directly or indirectly, to influence them or their family to reside in a given school district or territory in order to establish eligibility on the team of said school.

### **Overtime Procedures/Rule**

1. When the score is tied at the end of the fourth period, the referee will instruct both teams to return to their respective team boxes. There will be a 3 minute intermission during which both teams may confer with their coaches. All officials will assemble at the 50-yard line, review the overtime procedure, and discuss how penalties, if any, including any carry-over penalties from the regulation period will be assessed to start the overtime procedure.
2. At the coin toss in the center of the field the visiting-team's captain shall be given the privilege of choosing "heads" or "tails" before the coin is tossed. The winner of the toss shall be given his choice of defense or offense first, or of designating the end of the field at which the ball will be put into play for the single set of overtime downs. The loser of the toss will have the choice of the other options.
3. To start the overtime period, the offensive team shall put the ball in play, first and goal on the defensive team's 10 yard line or succeeding spot if a carry-over penalty has been administered anywhere between the hash marks. The first offensive team shall have a series of four downs. That series is terminated by any score by the offensive team or if the defensive team has possession of the ball.
4. If the offensive team scores a touchdown, it is entitled to the opportunity for a try (1 or 2 point) unless the points would not affect the outcome of the game.
5. A field goal attempt is permitted during any down.
6. If the defensive team gains possession, the ball becomes dead immediately and the offensive team's series of downs is ended.
7. After the first team on offense has completed its series of downs, the first team on defense will become the offensive team with the ball in its possession at the same 10 yard line anywhere between the hash marks. The second offensive team shall have a series of four downs. That series is terminated by any score by the offensive team or if the defensive team has possession of the ball.
8. If the score remains tied after one complete set of overtime downs, the game shall stand as a tied contest.
